

Driver CPC Modules

Training is of course a great benefit to any company but can be an inconvenience to everyday operations. We work with you to ensure that you get the best from the course modules, while causing the least amount of disruption to your operation. Our experts will also spend time planning on how we can incorporate any bespoke company training into the syllabus. Though we're based in Sheffield, the trainers at Logistics Training Services Ltd can reach you anywhere in the UK.

At Logistics Training Services, we are able to deliver various modules of the Driver CPC course. All modules taught cover buses and lorries. Below is a breakdown of all the Driver CPC modules we deliver.
